As usual you're not making any sense.

My "original agenda", what do you mean by "original", is that supposed to mean I changed my "agenda"??

Pakistan is openly the number one ally of USA in Afghanistan, it's fact. They have handed over maximum number of innocent muslims to USA. They are a predominantly Sunni state.

US efforts in Iraq are all being backed by Saudis, Jordan, Egypt and all sunni countries in the ME.

The reason why it's important to expose Iran is that Iran actually pretends to be against the USA. You dont see Hosni Mobarak shouting "death to America".

Everyone already knows Egypt, Jordan and most other middle eastern Governments are sell outs, the problem is most people dont know about Iran and think Iran is opposing the USA while Iran helped the USA more than any other country in the world in the war on Iraq.

If you continue pursuing US/EU agenda, I have to doubt your identity, religion and intentions, everytime you do that.

Believe what you want, a lot of my predictions about Iran and "hezbollah" came true. I will continue to expose their plans whenever I can inshaAllah.

Thanks for asking; Your original agenda is to ignite the sunnis agains shias. You started with a religious tone and the permissibility of sex change. Let people discuss that and let the issue be settled. You are hinting people towards Iran & Shia. While people are discussing the lagality of the issue; you have posted a reminder 'It's only done in Iran By the Shias' Means you want people to focus more on Iran and Shia, rathar than the legality of sex change or the logics behind permitting or banning it.

So your intention is not to discuss the issue, rathar to make an anti Iran and anti shia discussion.

So, what does it mean in your upside down brain? That Hosni mobarak is the number one well wisher of the Muslim Ummah? And Number one enemy of USA?

So if you are a muslim, you should think of how to bring this sold out governments inline with the people's expectation. It's sad. Trying without logic and prove to add another country to that sad list is suspicious. Lets consider that Iran is also a country like all other sold out state, so does that mean that we have to shout against Iran only? ok All Ummah is on the same boat. Think of some thing which can reverse the situation and keep the ummah together. That does not start with abusing one single country i'm sure. This is the current US/Jews agenda you are carrying out (Knowing or without knowing). If you didn't know it, I hope you will stop doing it from now on. If you keep doing it, it will mean that you are doing it consciously. That will mean working for US/Jewish interest.
